After spending lots of time in the studio recording their new album the boys are stoked to be back on tour playing to their loyal fans. They comment "since the day we finished the new album we have been non-stop working on sorting a tour. Finally we get to play what has been three years in the making to our home crowd!"

Six60 will deliver a high energy live show playing songs off their debut album as well as performing for the first time songs from their new album released 27 February, 2015.
